

2 JULY 2026

CPB Contractors is continuing construction of a water main and underground electrical and communications services on Kay McDuff Drive as early works progress for the new Bundaberg Hospital.

Due to recent wet weather, the temporary road closure on Kay McDuff Drive between Thabeban Road and the Bundaberg Industrial Park, originally scheduled from Monday, 29 June to Saturday, 4 July 2026, has been extended until **Saturday, 18 July 2026**. This closure will allow for the construction of a new water main, and the installation of underground electrical and communications services for future hospital use.

Motorists can continue to access Bundaberg Industrial Park via Bundaberg Ring Road.

Motorists travelling to Fitzgerald Street will be detoured via Bundaberg Ring Road, Goodwood Road, and Thabeban Road or Maynard Street.

See map overleaf.

Works will involve

The following works will be undertaken at the site:

- Use of heavy machinery including vacuum excavation trucks, excavators, haulage vehicles, rollers, concrete trucks and light vehicles.
- Increased construction activity and heavy vehicle movements.
- Delivery of construction materials and machinery.

What to expect

- Traffic control and signage including Variable Message Signs (VMS Boards) to direct motorists.
- Motorists may experience traffic delays.
- An increase in truck movements and construction traffic near the works area.
- Some localised noise, dust and vibration during the use of heavy machinery. Measures such as trailer covers, water carts and rumble bars will be in place to minimise dust.
- Reversing beepers and flashing lights are a safety requirement and will be used at all times during work hours.

We thank you for your patience as we undertake these works.

Construction hours

Our construction hours while we undertake this work are:

- Monday to Friday: 6:30am to 6:00pm, and
- Saturday: 7:00am to 2.30pm.

No work will take place outside of these hours or public holidays without prior notice and approvals.

Keeping you informed

If you would like to receive works notifications straight to your inbox, please email: NBH.information@cpbcon.com.au.

About the project

The new Bundaberg Hospital will feature a clinical services building with a rooftop helipad, a mental health unit and a facility support centre.

It's the largest health investment the region has ever seen and will deliver additional beds to serve the region's growing and ageing community.

CPB Contractors is currently delivering the design and early/enabling works (i.e., roads and utilities) for the new Bundaberg Hospital Project under a Stage 1 Managing Contractor contract.
